UK Trade Marks

Trade Mark Applications - Evidence of use

The purpose of the questionnaire is to obtain some information regarding your use of your trade mark in the UK. We will then use this information to compile a declaration for your signature.

The aim is that this evidence of your use will help to demonstrate your reputation in the mark in the UK. This is usually to show that the mark is now distinctive, but it may also be able to support your case in an opposition.

Questionnaire on use

The following questions should be answered as fully as possible and, should there be any other prevailing factors which influenced the extent to which you have used the mark or which help to establish your proprietorship thereof, please give us full information thereon. Please note that the UK Registrar is interested in details of use of the mark in the UK only. Use of the mark in other countries is not considered relevant. Please continue on a separate sheet if necessary.

| Important: | | | | | | |

Please return this questionnaire with samples or photographs of the goods, letterhead, labels, invoices, circulars, leaflets, tickets, price lists, or <u>any other matter</u> on which the mark has appeared. Please note that it is <u>most important</u> to include not only current printed matter but also <u>material dating from the earliest use of the mark</u>, or as close to that as possible. Dated evidence (e.g. newspaper adverts with the date of publication visible) is particularly important. Please also note that use prior to the date of the filing of the trade mark application is most important. Less weight is given to use after the date of filing.
